Training Description

Criminal Investigative Analysis Training (Psychological Profiling)

Presented by:
 Kenneth Morris
The Alpha Group
 Professional Speakers and Trainers
 Serving the Criminal Justice Community

August 10 - 14, 2015
 Hosted by the Duluth Police Department

This is a one-week (36 hour) “hands-on” program that provides you with techniques you can use immediately to solve the real-world problems that daily confront the law enforcement community. Once trained, you will be able to save countless hours by focusing your investigations on the most likely type of person to have committed the immediate crime, predict what the offender did before the offense, what he did during the crime, and anticipate his expected post-offense behavior following the event. In investigations with extensive suspect lists, the savings in time to develop lead prioritizations can be substantial.

Here's What You Will Learn

This course will provide you with an arsenal of techniques you can use to identify the physical, behavioral, and personality characteristics of offenders who commit the crimes of rape and homicide, particularly serial rape and homicide offenses. We'll demystify essential professional skills involving:

- How to Recognize the Serial Aspects of Crime
- Uses and Misuses of Investigative Analysis Techniques
- Telltale Clues—How to Recognize the All-Important Signatures of Violent Crime Offenders
- Wound Examinations and the “Hidden Information” They Provide About Victims and Killers
- How To Link Cases Together
- How to Identify the Physical, Psychological, Behavioral, Emotional and Personality Characteristics of Offenders Who Commit the Crimes of Rape and Homicide
- Answering the BIG Questions— How to Determine If, When, And Where Offenders May Strike Again, and Who May be the Next Likely Target
- Work Smarter, Not Harder!—How to Focus an Investigation
- How to Develop Suspect Leads for “Arresting” Results
- How to Prepare Comprehensive Reports of Analyses

- Beware the Femme Fatale!—How Female Serial Killers Differ from Male Serial Killers
- Types of Serial Homicide Offenders—Differences between Organized, Disorganized, Mixed, Lust, and Sadistic Killers
- Types of Serial Rape Offenders—Differences between Power Reassurance, Power Assertive, Anger Retaliation and Anger Excitation Rapists
- Critical Differences in Crime Scenes—How to Instantly Distinguish between Abduction Sites, Killing Sites, And Dump Sites
- Who Murders—and Why! Social and Environmental Factors that Shape the Killer's Life

You Should Attend If:

- You are a sex crimes investigator
- You are a homicide investigator
- You are a patrol officer who may be in a position to recognize the characteristics of serial crimes
- You are a crime analyst responsible for providing assistance to sex crimes or homicide investigators

Training Description

The Communications Training Officer (CTO) 5th Edition course focuses on the development and maintenance of an agency's one-on-one training program and provides the training necessary to foster levels of consistency for CTOs as they provide on-the-job training to new hires. Upon successful completion, CTOs can help build and maintain the CTO system while exploring important elements of effective CTO programs. Previous editions of APCO's CTO program have been implemented in hundreds of agencies nationwide.

This updated version of the course includes the essential elements of a CTO program based on the industry recognized "San Jose Model" while also incorporating the requirements set by the national standard for CTO programs.

Topics include: Performance Based Training; Preparing, Motivating and Communicating With Trainees; Customer Service in Public Safety Communications; Counseling; Stress Management; Meeting the Needs of the Adult Learner; Training Strategies; Performance Evaluations; Record Keeping and Documentation; Total Quality Management; & Liability and Standards.

In addition, students will receive a CTO Program Implementation Workbook and Reference Guide filled with sample forms, templates and best practices to use in creating their own CTO program or enhancing an existing program. Students will also receive a demonstration of APCO Institute's electronic Daily Observation Report (DOR) software.

PREREQUISITES

Successful completion of a 40 hour formal basic telecommunicator training program.
 Proof of completion must be submitted to APCO at least 10 days prior to the class start date.

****NEW**Background Investigations for Public Sector Employers****First Responder Training**

Times Start Date 9/1/2015 End Date 9/2/2015 Start Time 8:30 Finish Time 16:30	Location Location Benton County Sheriff's Office Address 581 Highway 23 City Foley State: MN County Benton
Cost \$200	Post Credits 14

Training Description

This two day class is taught by long-time legal counsel and nationally recognized public employment law attorney Rick Hodsdon. Rick covers all of the danger points and provides practical techniques and sources for background materials from a perspective of a person who has personally conducted several dozen such investigations. Rick has spent all of his professional life representing and defending state and local officials, conducting criminal prosecutions, and training and advising criminal justice and government officials.

Course Description

One of the most perilous aspects for a public sector employer is vetting and doing the background investigation of potential employees. An agency that does not properly background its prospective employees prior to employment faces serious liability under theories of negligent hiring and deliberate indifference to the risk of harm to third parties. An agency that conducts such investigations, but does it poorly still faces liability risk to third parties but adds a major risk of suit and human rights complaints from the unsuccessful candidate. If the agency can walk that tight rope there remains the issue of how to get the needed information in a world that increasingly seems unwilling or unable to provide it.

This course is designed for any person who hires, manages, or supports law enforcement personnel, whether, full-time, part-time or volunteer. This class is very appropriate for law enforcement, human resources, county administration or county attorneys.

To register for this class go to the Minnesota Sheriffs' Association web site at www.mnsheriffs.org and look under Trainings. Click on Rick Hodsdon trainings and register.

Training Description

Definition:

A Threat Liaison Officer (TLO) is any peace officer, firefighter, emergency manager, EMS provider, federal agent, military investigative/intelligence personnel, or anyone in the public/private sector working closely with the public safety/homeland security community, who has been properly certified by the Minnesota Fusion Center.

Mission Statement:

The mission of a TLO is to serve as a conduit of all-hazard information between the MN Fusion Center and members of the public safety community, public/private sector, and federal agencies.

Certification Process:

A. The prospective TLO must: Obtain approval from his/her unit commander or designee to participate in the program.

B. Complete the appropriate Minnesota BCA Fusion Center, POST certified TLO course.

Primary Duties and Responsibilities:

1. **"Share Information!"** Coordinate all-crimes, all-threats and all-hazards information between their local agencies to the MN Fusion Center. The TLO is responsible for verifying that all agency personnel, with whom they share law enforcement sensitive information, have a valid need and right to know.
2. To help their agency's staffs identify and report legally obtained suspicious activity that may reveal a nexus to criminal activity and/or terrorism with the MN Fusion Center.
3. To be able to identify possible crime trends within their jurisdiction and seek help from the Minnesota Fusion Center to further examine those crime trends and work together on solutions.
4. Serve as the point-of-contact within their agencies for questions and information regarding terrorism/criminal information, terrorism/criminal-related suspicious activity reports, tips, leads and other all-hazard incidents.
5. The TLO position is a collateral duty. ***The TLO shall not independently investigate suspicious activity reports, tips or leads*** unless it is within their departmental duties to do so.
6. To maintain a working relationship with the Minnesota Fusion Center, to help facilitate the movement of terror/criminal related information to and from appropriate personnel..

Training Description

The field of emergency communications is by its very nature, stressful. From the frantic call of a parent who just found their baby not breathing, to a motorist injured in an accident on a strange roadway, telecommunicators are the life link to thousands of people each day. These dedicated people must be the calm, reassuring voice that ensures that help is but that call away. All too often however, intense emotions and other damaging stress reactions are caused by visual images brought on by events never seen and the vicarious traumatization that comes with helping others. These stress reactions can, and often do, take a toll on even the most seasoned telecommunicator.

At the completion of this course, participants will be able to:

- Define stress
- Recognize the causes and risk factors of stress
- Recognize the signs and symptoms of stress
- Recognize the professional cost of stress
- Understand how Telecommunicators are impacted by stress
- Better manage their own stress and that of those around them
- Properly define CISM
- Understand the principles of CISM
- Identify resources available to assist with managing stress

MindLeap: Critical Thinking Technical Assistance Seminar

First Responder Training

Times	Location
Start Date 9/24/2015	Location Maple Gove Government Center
End Date 9/25/2015	Lower Level EOC
Start Time 8:00	Address 12800 Arbor Lakes Pkwy
Finish Time 17:00	City Maple Grove State: MN
	County Hennepin
Cost Free	Post Credits TBD

Training Description

This seminar teaches government personnel, in both an analytic and an investigative capacity, how to think critically. The content is based on the integration of research across many disciplines, including, but not limited to, strategic studies; international security, social science, and strategic and tactical intelligence analysis.

The following topics, among many others, are covered during the seminar:

- How beliefs and preconceived explanations influence our observations and insights.
- Why stories trump statistics and the seduction of generalizations and simplifications.
- The human brain as an “associative engine” and our tendency to jump to conclusions and incorrect solutions.
- The limits of our observation and memory and why a mental picture is not worth a thousand words.
- The negative consequences of faulty reasoning, especially when the risks are high.
- Faults with traditional “brainstorming” and how to develop a productive brainstorming process

Benefits for Participants

A research-based model of effective reasoning and a toolkit of practical critical thinking strategies. Skills that have immediate and lifelong professional application.

Organizational benefits, including increased change agility, more effective strategy implementation and improvement initiatives, more efficient use of time and resources, and higher levels of employee engagement and innovation.

****NEW**Interview & Interrogation****Law Enforcement Training**

Times Start Date 9/29/2015 End Date 9/30/2015 Start Time 8:00 Finish Time 16:30	Location Location Grand View Lodge Address 23521 Nokomis Ave City Nisswa 56468 State: MN County Crow Wing
Cost \$250	Post Credits 16

Training Description

This course will teach the basics of interviewing and interrogation including suspect interviews, witness/victim interviews, communication, rapport, verbal and non-verbal behavior, culture and gender, interviewing children, persuasion theories and strategies for interrogation designed for the investigator. Students are welcome to bring tapes/disks of interviews or interrogations for evaluation or sharing with the class. This truly practical course will provide you with the skills to gain high quality information from individuals, no matter what their status might be in the investigation.

Topics include:

- The verbal communication process
- Witness memory enhancement
- Flow of information
- Interviewing process
- Kinesics interview techniques
- Detecting deception
- Videotaping and recording interrogations
- Interview of witnesses and victims
- Criminal personality profiling for interviews
- The effective interrogator
- Legal aspects
- Psychology of interrogations

The first three topics will stress the methods you can employ to establish rapport, improve feedback and become more discerning through efficient listening. An examination of the interviewing process will give you a structured interview to expand your ability to obtain accurate information and detect deception.

Through criminal personality profiling, you will be able to more accurately determine the personality type you are confronting and some of the interviewing techniques best suited to elicit information from that individual.

This course focuses on skill development and will enhance your ability to conduct effective interviews and interrogations.

AUDIENCE

The Effects of Trauma in the Police Profession

Law Enforcement Training

Times Start Date 9/29/2015 End Date 9/29/2015 Start Time 8:00 Finish Time 16:00	Location Location Duluth Police Department Address 2030 N. Arlington Ave. City Duluth 55811 State: MN County St Louis
Cost A.T.O.M. member \$150/Non-member \$175	
Post Credits None	

Training Description

The learning goal of this course is to allow licensed peace officers within the confines of the State of Minnesota to gain awareness of the effects of Post-Traumatic Stress Disorder (PTSD). This course also deals with the proper way to intervene into the life of a fellow police officer who might be suffering from PTSD.

Learning Objectives:

Upon completion of this course, peace officers that attend this course will gain a better knowledge of three things:

- What PTSD is.
- Recognize the signs of PTSD and the best approach to intervene.
- Recognize the difference between PTSD and exposure to trauma within a critical incident (defined as PTS).

Peace officers that attend this class will have a better understanding of “Emotional Wellness” and its relationship to PTSD and PTS by:

- Sharing stories of individual trauma within class discussion;
- Recognizing PTS and PTSD symptoms in their own lives;
- Recognizing some personal warning signs of exposure to too much trauma;
- Defining “Emotional Wellness” for police officers and how it affects them personally; and
- Understanding the correlation of suicide within the police profession.

Peace officers will describe the various implications of PTSD under Minnesota Statute § 299A.411. Peace officers will discuss “Resiliency” and what it means to them.

The instructor will discuss, through lecture and discussion, Officer Safety concerns that may occur with some officers that have been exposed to a high degree of trauma. Peace officers will gain a better understanding of the difficulties police officers face when dealing with police suicide and how it has affected the profession. Tentatively, there is an evening session planned for significant others. Further details will follow.

Leadership in Police Organizations (LPO)

Training Description

Leadership In Police Organizations (LPO)

Full Course Description:

This three week 'Leadership in Police Organizations' (LPO) training is a model based on leadership curriculum that originated at the USMA - 'West Point.' Through the efforts of Army officers who served in the USMA's Department of Behavioral Sciences and Leadership and experiences of police administrators, this civilian version of the course was created.

As the IACP describes:

The IACP leadership model is based on the tenets of dispersed leadership which reflects documented best practices in the public and private sectors, the military, and the justice system. It is rooted in community oriented policing theory and addresses leadership as an agency-wide concept, reaching all ranks and positions. In recognition of the diversity of police agencies and the communities they serve, the model is designed to be adaptable to an agency's individual mission and philosophy. Even though the model is flexible, it has at its foundation a set of core values that reflect the nature of our profession: duty, honor, service, dignity, respect for others, integrity, courage and loyalty.

This is a challenging training opportunity for public safety supervisors and managers that will change your ideas on what constitutes 'leadership.'

This is a three week program, tentative dates are as follows:

- October 5-9, 2015
- November 2-6, 2015
- November 30-December 4, 2015

Class Times: Mondays 10 to 4pm; Tuesdays-Thursdays 8 to 4pm; Fridays 8 to 12pm

Threat Liaison Officer Training

Public Training

Times Start Date 10/8/2015 End Date 10/8/2015 Start Time 10:00 Finish Time 15:00	Location Location Lake of the Woods Sheriff's Office Court House Address 206 8th Av. SE City Baudette 56623 County Lake of the Woods State: MN
Cost Free	Post Credits 4

Training Description

Definition:

A Threat Liaison Officer (TLO) is any peace officer, firefighter, emergency manager, EMS provider, federal agent, military investigative/intelligence personnel, or anyone in the public/private sector working closely with the public safety/homeland security community, who has been properly certified by the Minnesota Fusion Center.

Mission Statement:

The mission of a TLO is to serve as a conduit of all-hazard information between the MN Fusion Center and members of the public safety community, public/private sector, and federal agencies.

Certification Process:

A. The prospective TLO must: Obtain approval from his/her unit commander or designee to participate in the program.

B. Complete the appropriate Minnesota BCA Fusion Center, POST certified TLO course.

Primary Duties and Responsibilities:

1. **"Share Information!"** Coordinate all-crimes, all-threats and all-hazards information between their local agencies to the MN Fusion Center. The TLO is responsible for verifying that all agency personnel, with whom they share law enforcement sensitive information, have a valid need and right to know.
2. To help their agency's staffs identify and report legally obtained suspicious activity that may reveal a nexus to criminal activity and/or terrorism with the MN Fusion Center.
3. To be able to identify possible crime trends within their jurisdiction and seek help from the Minnesota Fusion Center to further examine those crime trends and work together on solutions.
4. Serve as the point-of-contact within their agencies for questions and information regarding terrorism/criminal information, terrorism/criminal-related suspicious activity reports, tips, leads and other all-hazard incidents.
5. The TLO position is a collateral duty. **The TLO shall not independently investigate suspicious activity reports, tips or leads** unless it is within their departmental duties to do so.

Training Description

Course Description:

Since 1955, the Southern Police Institute has provided law enforcement officers worldwide with quality homicide investigative training. SPI's HOMICIDE INVESTIGATION course provides participants with the knowledge, skills, and abilities required to conduct competent and complete homicide/death investigations.

Carefully selected case studies are used throughout the program to explore every aspect of homicide/death investigations, including autoerotic fatalities, and suicides. An expert in a specific field of specialization leads each program segment. Court certified, these experts provide the participant valuable exposure to years of field experience and a variety of investigative techniques. The course is an intensive eighty-hour program delivered over 10 days. Each participant is granted the opportunity to individually interact with the instructors and review cases, including their own cold cases and active investigations. Cases will be examined through discussion, questions, and answers as well as an evaluation of evidence by participants and instructors. The learning environment and assignments, including practical and scenario-based exercises, is highly interactive with frequent group discussions in order to draw on the experience and expertise of the participants themselves as well as from the experience the instructors bring to the classroom. At the completion of the program participants have the ability to differentiate between accidental, suicidal, and homicidal death.

Who Should Attend:

Enrollment is limited to law enforcement officers, (uniform or detective), investigators, supervisors, and other authorized officials who are responsible for investigating homicides (crime scene technicians, medical examine/coroner investigators, military investigators, criminal analysts, or prosecutors).

Cost \$595	Post Credits None

Training Description

ALICE (Alert, Lockdown, Inform, Counter, Evacuate) is a set of proactive, options-based strategies, that increase your chances of survival during a violent intruder or Active Shooter event. For 14 years, the ALICE Training Institute has provided violent intruder response training to individuals and organizations across the nation.

This 2-Day Instructor training course is designed to teach law enforcement as well as school, church, hospital and workplace administrators and employees skills and strategies that bridge the gap between the time a violent event begins and law enforcement arrives.

Background: You will become knowledgeable in statistics and information about active shooter situations and why ALICE training is effective.

ALICE Concepts: We will deliver a detailed overview of ALICE training and the liability of proactive vs. passive response strategies.

Physical Drills: You will experience live scenario drills that compare passive vs. active responses.

Effective Training: You will learn the strategies and be provided with materials to become an effective ALICE Instructor in your own organization.

Training Description**ABOUT THE SEMINAR**

Managing threatening situations and creating a safe school environment can present unique challenges. In order to meet these challenges, we must all stay current and well equipped. We invite you to participate in this seminar. This presentation will provide officers and education professionals with practical tools that will enhance their efforts to manage threatening situations in schools, and thus create safer school environments for our youth. With school safety in mind, we will also be providing an update on current gang trends in the metro area. Participants in this seminar will gain insight on the current structure, culture, activities, & driving forces behind the gangs operating in our area. With the ever growing use of social media, we will be presenting how you can stay current on gang related activities that may potentially pose a threat to people's safety in your school and at school sponsored events. We will also be discussing steps you can take to protect your personal information when using social media.

SPEAKER TOPICS

- Gangs 101
- Current Trends & Hybrid Gang Activity
- Gangs on Social Media
- Social Media Safety Tips
- Intervening to Prevent School Violence – How to identify when you have a problem
- Question & Answer

WHO SHOULD ATTEND

This seminar is designed for all Law Enforcement, Probation/Parole, Corrections Staff, Prosecutors, School and Community Professionals, Psychologists, Social workers/Counselors, Behavioral Specialists, and Community Workers & Volunteers who are interested in suppressing, intervening in, and preventing violent gang activity and related crime.

ACCREDITATION

We have applied for approval of 8 P.O.S.T. Credits and 8 hours of CEUs Credits per day. All who attend will be given the appropriate accreditation information and a Certificate of Attendance at the end of the conference.

LOCATION

The conference will be held in the Main Auditorium of the Neighborhood House inside the *Paul and Sheila Wellstone Center for Community Building*, located at 179 Robie Street East, St. Paul, MN 55107. For location and maps go to; http://wellstonecenter.com/aboutUs_Location.htm.

Parking is complimentary in the Neighborhood House Parking Ramp, and plenty of on street parking is also available around the facility. **Do not park in the El Burrito Mercado parking lot or your vehicle will be towed.** Lunch will be "on your own". There are numerous restaurants in close proximity.

REGISTRATION FEES

The fee for the conference is \$35.00 per person, which includes tuition, morning and afternoon refreshments, and a certificate of attendance. Registrations will be accepted on a first come, first served basis.

Cost \$395	Post Credits 16

Training Description

COURSE DESCRIPTION: Patrol officers, investigators, probation and parole officers, narcotic officers, and tactical teams are often faced with the task of entering a building to serve search and arrest warrants, to carry out hostage rescues, or to conduct welfare checks on elderly persons or the reported victims of violence. Military special operations personnel have to resort to stealth entries to secrete themselves in hostile environments, to conduct sensitive building entries, and to place forward observers and precision shooters. Conservation officers are often required to access areas protected by padlocked gates. This course will introduce students to basic lock picking skills, as well as a variety of other options for lock bypassing beyond the conventional forced entry. Students will have an opportunity to develop new skills by picking more than 150 different training locks. In addition, important intelligence gathering and preplanning issues will be discussed that facilitate a mission conclusion.

Each student will receive a syllabus which highlights the information presented during the training, their own lock pick set, and a list of suggested specialty tools. All equipment needed during the course will be provided.

REGISTRATION INFORMATION: Reservations will be accepted based upon receipt of your registration form. A registration form is located at www.hollotec.com. Simply fill it out and click "send", which will prompt you for credit card payment. Your registration will be confirmed by email.
